

**IT IS HIGH TIME
WE CARED**

**FOR THE
ENVIRONMENT**

OBJECTIVES:

To advocate for an environmentally friendly lifestyle which protects the existing natural resources, decreases the impact of activities on EARTH, and restores what has already been damaged.

To facilitate communication and cooperation among NGOs, Public, Administration, mass-media, experts, industry, business sector and the general public on environmental issues.

To establish a national network of eco-counselling offices to raise public awareness on the maintenance and restoration of natural balance.

why

AS...

Eco Councelling Centre Galati is a non-governmental organization which aims to:

- Increase capacity among citizen in protecting the environment
- Disseminate information about environmental issues
- Find solutions to severe environmental problems by promoting the eco-counselling concept

MISSION:

To integrate the environmental perspective in the development of Romanian civil - society through information, action, educational activities and co-operations on national regional and international level.

E.C.C.G. has been supported by:

- Eco-Counselling Europe
- Eco-Counselling Austria
- Eco-Counselling Luxembourg
- Ministry of Environmental Luxembourg
- Ministry of Foreign Affairs, Luxembourg
- REC (Regional Environmental Center)
- PHARE for Democracy
- The University of Ecology, Bucharest
- The Galati District Council
- The Inspectorate for Culture
- The Museum of Natural Science History
- The "Lower Danube" University

International Memberships:

- European Waste Club
- Danube Environmental Forum
- ECO COUNSELLING EUROPE

Romania has the status of member-observer to Eco-Councelling Europe, as result of the accomplishment of ECCG.
